

**FAIRVIEW KNIGHTS OF COLUMBUS
COUNCIL 4044
COLLEGE SCHOLARSHIP APPLICATION**

Please read the following instructions very carefully. Failure to submit any of the requested information could result in your application being disqualified. Remember, there is a reason for every question. Please read each question thoroughly and answer them honestly, accurately and completely. The more information you give us the more prepared we are to evaluate your application. **You may use additional pieces of paper if necessary. The cover sheet and your official transcript are the only places your name should appear. Under no circumstance should your name appear anywhere else on this application or any of the additional paperwork.**

The review committee will not know who you are until after the winning applications have been selected. The cost of attending college today places a financial burden on all families. The committee has revamped the scoring process to better reflect the current financial challenges that face our youth and their families during their college years. We will also only give out one scholarship per family. This will allow us to spread the money available out to more families. **Don't forget to include an official transcript of your grades with the application. It is not necessary to send any personal financial information with this application.**

We should also mention that question #10 is a very important one. When answering this question remember to list all special circumstances that limit or takes up a portion of the family income along with the approximate percentage of income used on these circumstances. **Again, don't mention any names.**
